

Gender Pay Gap Reporting

We are an employer required by law to carry out Gender Pay Gap Reporting under the Equality Act 2010 (Gender Pay Gap Information) Regulations 2017.

This involves carrying out six calculations that show the difference between the average earning of men and women in our organisation; it will not involve publishing individual employees' data.

We are required to publish the results on our own website and a government website. We will do this within one calendar year of April 5.

We can use these results to assess:

- The levels of gender equality in our workplace
- The balance of male to female employees at different levels
- How effectively talent is being maximised and rewarded

Five Dimensions Trust always recruit the best person for the job regardless of their gender. All roles are evaluated to ensure fair pay for the role and each role is advertised with no gender bias. All members of staff working with the same job description are paid within the same grade boundaries regardless of their gender.

We use pay scales for all teaching staff that are aligned with the School Teachers Pay and Conditions document (STPCD) which is reviewed on an annual basis. For support staff we use pay scales set by the National Joint Council for Local Government Services (NJC). Staff move through the pay scales for their grade irrespective of gender.
